ВІТАЄМО

Welcome to the second issue of the Ukrainian Canadian Students Union Alumni Newsletter. After the first issue we had a lot of positive responses and generous donations to this project. It was so nice to hear from so many of our past alumni, and it was especially exciting to hear from some of our 'founding fathers' from the 1950's.

Вітаємо вас до другого видання обіжника колишніх членів Союзу Українського Студентства Канади (СУСК). Ми отримали багато відповідей від багатьох наших бувших членів і дужи вдячні також всім нашим жертводавцям. Було дуже приємно почути від наших бувші члени, і особливо від наших засновників.

SUSKFEST '97

By Tanya Haluk

SUSK External Director - Ukrainian Organizations

As always, February blows into Canada like a refrigerated freight train and, for some reason, members of Ukrainian Student Organizations (USO's) gather in one mystical location to plot the course of involvement of university students interested in Ukrainian issues.

This single weekend brings answers to questions such as: What has been achieved in the past year? What will this years resolutions be? Who will be the next leaders?

This year, from February 21-23, 1997 the Mecca for USO delegates on Reading Break was Calgary, Alberta. What brought these delegates to the former site of the 1988 Winter Olympics? No, it wasn't the beautiful Rockies shining in the background and it was not the lure of snakeskin cowboy boots either. What brought 55 of the finest USO delegates from British Columbia to Québec was the 44th annual tradition of SUSK National Congress ...SUSKFEST 1997.

To the uninitiated, "SUSK" may sound like the battle cry of the kozaks, but in fact, SUSK is the Ukrainian Canadian Students' Union. An independent student organization, which encompasses USO's based on campuses of Eastern universities. Run by a national executive, SUSK holds annual Eastern and Western Conferences in order to deal with issues being faced on different sides of the country, in addition to a National Congress to unify the Ukrainian university students' movement in Canada.

This Congress was the first one hosted by Calgary in recent memory and the organizing committee outdid themselves to give visitors from the rest of Canada a weekend to remember. The opening ceremonies held on Friday night included a reception, welcoming addresses and a video highlighting the recent activities of Calgary's Ukrainian community. The record number of delegates mingled and shmoozed as students from East and West met to discuss the latest hot topics.

Saturday morning then followed Friday night and the real essence of SUSKFEST came into being. During outgoing executive reports, the past year's accomplishments of the SUSK executive came into the light.

Summaries of projects such as:

- Chernobyl Commemoration Blood Drive
- Compilation of the SUSK Executive Alumni Database
- The National Student Mentorship Program
- Regional Conferences
- Active communication with other Ukrainian organizations
- The State of the Ever-Expanding SUSK Union were read and evaluated prior to the abolition of the 1996 - 1997 SUSK executive.
- The SUSK business was then followed by thought provoking sessions:
 - Addressing redress and defamation, mediated by Boris Sydoruk, (UCCLA Calgary)
 - Volunteerism and membership recruitment, presented by Ken Rupert, (Alberta Community Development)
 - Combining Ukrainian Culture into social events, presented by Lesia Savedchuk, (Calgary)
 - The functions of USO's, presented by Volodymyr Boychuk (Edmonton) and Pavlo Grod (Windsor) both past presidents of SUSK.

The evening banquet held Saturday night saw all delegates in formal attire chewing on excellent cuisine and also the keynote speech by Sen. Ron Ghitter.

To the uninitiated, "SUSK" may sound like the battle cry of the kozaks...

- Thank you to all who made donations during SUSK's Koliada fundraiser in the past Christmas season. We were unfortunately only able to organize carolers in Edmonton this year.
